CALL BRIEF: MOMENTS AND MEMORIES

Lisa Henderson (self-employed). Contact details are in the CRM, not here. · prepared 2026-10-13 · verified by: _____ · evidence: A observed R research H hypothesis N not checked

WHY NOW AND WHAT SHE ASKED

Inbound lead from our lead-gen campaign. Her form answers: city Borehamwood; company "Self employed. Moments and memories."; what she wants to own: "My Market Share (Digital Marketing & Lead Gen)". She asked for contact, so this is not a cold call. Note: the lines "small startup, can't afford big retainers, need aggressive growth" came with the lead text. Confirm whether Lisa wrote them or they are campaign copy.

LEAD SCORE: WARM (H)

Weak online presentation and no tracking (A). Whether the business is active, her budget and her goals are not confirmed (N). Using the marketingskills local-business rubric.

BUSINESS SNAPSHOT

ITEM	WHAT WE FOUND	TAG	SOURCE
Website	WordPress and Elementor on Hostinger. Three real pages (Home, Service, Contact us). Sample and template pages are public.	A	assets/tech-scan/*.json, findings.md
Services on site	Kids' parties and bouncy castles, marquees and decor, cocktail bars and catering, luxury extras.	A	assets/home-desktop.png
Google listing	Exists: "The moments and memories", category Event management company, website and phone shown, owner text dated 18 May 2026 (same wording as the website). In the signed-out view: no address, hours, rating or review count shown, and the map pin sat in central Europe. May be a limited view.	A	assets/sources/google-maps-listing-2026-10-13.png
Company registration	Companies House search: no active company named Moments and Memories at Borehamwood. Similar names are dissolved or in other towns; Moments 2 Memories Limited (Nuneaton, incorporated 30 Jun 2026) looks unrelated. Fits a sole trader (form says self-employed). Not proof.	A	assets/sources/companies-house-search-2026-10-13.png
Address	Website footer says 124 City Road, London EC1V 2NX. Her form says Borehamwood. They conflict.	A	findings.md M-04
LinkedIn	None, per the team.	A	team
Facebook and Instagram	Not found. The Facebook search page returned an error and Instagram refused the request, so this is not checked, not proven absent.	N	needs signed-in browser or manual look
Reviews	None on her website. Google rating and review count not visible in the limited view.	N	check signed in
Analytics	No analytics or tracking tags on the homepage.	A	assets/tech-scan/*.json

THREE THINGS SHE WILL RECOGNISE

WHAT	WHY IT MATTERS TO HER	TAG	SOURCE
Phone and email are plain text; no tap-to-call or WhatsApp; the form does not ask for event type or date.	People on phones cannot reach her in one tap, and she cannot quote from the enquiries she gets.	A	findings.md M-05
Google shows just the domain as the page title, with no descriptions and no main heading.	Her pages look anonymous in search results and say nothing about the service or area.	A	findings.md M-01 to M-03
No analytics on the site.	She cannot see which visits become enquiries or which source works.	A	findings.md M-15
No reviews, prices or real event photos on the site.	Customers comparing suppliers have little to judge her by.	A	findings.md M-06

ANGLE (ONE SENTENCE)

A few small fixes (tap-to-call, clear titles, reviews, tracking) would make her site easier to find, trust and ask, and tracking would show what it produces.

CALL PLAN AND SCRIPT

Moments and Memories · goal: Book the free 15-minute website check (screen share) and learn her real budget, goals and enquiry numbers. Not to sell on this call.

OPENING (FIRST 30 SECONDS)

"Hi Lisa, it's [name] from Maximus Mediascape. You filled in our form about digital marketing and lead generation, so I'm following up. Is now an OK time for five minutes? … Before calling I had a look at your website and Google listing, and there are two or three small things I think could help. First, can I ask what you're hoping marketing will do for the business?"

QUESTIONS TO ASK (LISTEN MORE THAN TALK)

HER BUSINESS

- Which services bring in most of your work: kids' parties, marquees, cocktail bars, weddings?
- What are your busiest months, and what are you booking now (Christmas, New Year)?
- Which areas do you really cover?
- About how many enquiries do you get a month, and which ones pay best?

HOW ENQUIRIES ARRIVE

- How do people find you today?
- When an enquiry comes in, how do you reply and how fast?
- About how many turn into bookings?
- Do you get reviews, and where?

GOALS AND BUDGET

- What does growth mean for you in numbers (bookings a month)?
- What have you tried so far (ads, social, directories)?
- What would feel comfortable as a one-off amount, or a monthly one?
- Who else decides?

WEBSITE AND TOOLS

- Who built the website, and who has the hosting and domain logins?
- Do you see how many people visit, or where they come from?
- Are you on Facebook or Instagram for the business?
- Do you have photos from real events and any reviews we could use?

PRACTICAL

- Which address should customers see?
- Do you have set prices or packages, and public liability insurance?

IF SHE SAYS…

SHE SAYS	YOU SAY
I can't afford an agency.	That's why we have a one-off Starter: fixed price, split in two, and you own the site. We can start with just the basics. (Confirm the price first.)
I already have a website.	You do, and it's a good base. The gaps are small: tap-to-call, titles, reviews and tracking. We can look together at whether to fix it or rebuild.
I'll do it myself.	Great. I can send you the list of what we found so you can compare, free of charge.
Just send me an email.	Happy to. So I send the right thing: is it more enquiries you need, or less time chasing them?
It's a busy time of year.	Understood. A 15-minute check is enough for now. When is a better week?
How did you get my number?	From the form you filled in on [date and source]. I can remove it if you'd prefer.

CLOSE

"Could we do a 15-minute screen share this week, where I show you the three things on your own site and we decide whether a proper plan is worth it?"

FOLLOW-UP EMAIL (SEND SAME DAY)

Same day. Thank her for her time, recap the three points we discussed, give the booking link for the 15-minute check, and say there is no obligation. Do not attach prices unless she asked.

VOICEMAIL (20 TO 30 SECONDS)

Hi Lisa, it's [name] from Maximus Mediascape, returning your enquiry about digital marketing. I had a look at your website and have a couple of quick ideas. I'll send you a short message with them. Again, [name], Maximus Mediascape, [number].

EMAIL: YOUR ENQUIRY: A FEW QUICK IDEAS FOR MOMENTS AND MEMORIES

Hi Lisa,

Thanks for getting in touch about digital marketing and lead generation. Before writing I looked at your website and noticed three small things that may be costing you enquiries:

1. Visitors on a phone cannot tap to call or WhatsApp you.
2. In Google, your pages show only your web address as the title.
3. There is no way to see which visits turn into enquiries.

I can walk you through them in a free 15-minute check, no obligation. Would [day] or [day] suit?

[name], Maximus Mediascape, [phone]

You are getting this because you sent us your details through our form on [date]. Reply "remove" and I will not contact you again. [postal address]

CONSENT AND RECORDS

- Record the lead source, date and what the form said about contact (a person checks the form wording).
- Check her number against TPS before calling, and the consent for email and WhatsApp (sole traders are treated like individuals for marketing messages; confirm the rule on the ICO site).
- WhatsApp business messages outside 24 hours of her last message need an approved template (R: marketingskills sms/whatsapp notes).
- If she says stop, stop on every channel and log it.
