LEAD RESEARCH REPORT: MOMENTS AND MEMORIES

Lead: Lisa Henderson, self-employed, Borehamwood. **Website:** themomentsandmemories.co.uk. **Researched:** 13 October 2026. **Prepared for:** the Maximus Mediascape team (internal). Contact details are in the CRM, not in this report.

How to read the tags: A I saw it myself and saved the evidence. R it comes from outside research, with a link. H it is my judgement or hypothesis. N I could not check it.

1. SUMMARY: WHAT YOU NEED TO KNOW

I researched this lead from the form she filled in, then looked at her website, her public footprint, four similar businesses and two quote marketplaces. This is what I came across.

1. **She runs a very young online business.** Her domain was registered on 16 December 2025 and is due to renew on 16 December 2026 [A, public registry]. Her Google listing carries an owner post dated 18 May 2026 A. She is self-employed and I found no registered company in her name A.
2. **Her website is a simple three-page WordPress site** with sample and template pages left public A. It is fast enough, but it has no reason to convert a visitor into an enquiry.
3. **The biggest problems are about enquiries, not technology.** No tap-to-call or WhatsApp, a form that doesn't ask for event type or date, no prices, reviews or real photos, generic page titles, and **no analytics at all** A.
4. **She does have a Google listing** but it looks barely filled in: no address, hours, rating or reviews visible in the signed-out view [A, limited view].
5. **Competitors use the same kind of technology as she does** (WordPress and Elementor). Their advantage is what they put on the page and that they measure it A.
6. **There is a realistic fit with our Starter plan** (from £999 plus VAT, one-off), which covers most of the problems I found [A, from our own pages]. Her budget and goals are unknown N.
7. **Not yet verified:** her Facebook and Instagram, her Google rating and reviews, whether she runs ads, how much demand there is for her services, and what her form said about being contacted N.

Overall, I'd rate her online presence **4 out of 10**, as a judgement H. She is a **warm** lead H: weak presentation and no tracking, but an unconfirmed budget.

2. HOW I DID THE RESEARCH

STEP	WHAT I DID	TOOL	RESULT
Website	Loaded the home, service and contact pages on desktop and mobile, took screenshots	Headless Chromium (Playwright)	Worked after waiting out the host's "checking your browser" screen
SEO	Crawled the site against 52 rules	jev-seo (open source)	8 URLs, 11 findings. It scored 95/100, but that score only checks tags and headers and is **not** a quality score
Speed and accessibility	Ran Lighthouse (mobile and desktop) and Pa11y (axe)	Lighthouse, Pa11y	See section 4
Technology	Detected platform, hosting and tracking tools	wappalyzer-next, with a manual check of the page source	Worked in fast mode
Public footprint	Google Maps, Companies House, domain registry, her sitemap	Chromium and public records	Worked

STEP	WHAT I DID	TOOL	RESULT
Competitors	Homepages, screenshots, technology and Google Maps ratings for four businesses and two marketplaces	Same	Worked
Our offer	Read our own sitemap and plan pages	Direct fetch	Prices confirmed 13 Oct 2026

What I could not do (N): Google Search (blocked by a robot check), Facebook and Instagram (login walls or errors), Yell (blocked) and Trustpilot (error). The Wayback Machine was not reachable from this environment, so I do not know how her site looked earlier. A Meta Ad Library search returned only unrelated advertisers, so I can't say whether she runs ads. The browser plugin could not start here because it needs a Chrome that is already open. Keyword demand needs Google Keyword Planner data, which I do not have yet.

Raw files, screenshots and checksums are listed in the appendix.

3. THE LEAD

3.1 WHAT SHE TOLD US

The form gave her name, city (Borehamwood), the company "Self employed. Moments and memories." and her interest, "My Market Share (Digital Marketing & Lead Gen)" [A, from the lead details]. The wording "small startup, can't afford big agency retainers, need aggressive growth, let's see if we're a fit" arrived with the lead text. **I can't tell whether Lisa wrote it or it is campaign copy**, so I am not treating it as her words (N).

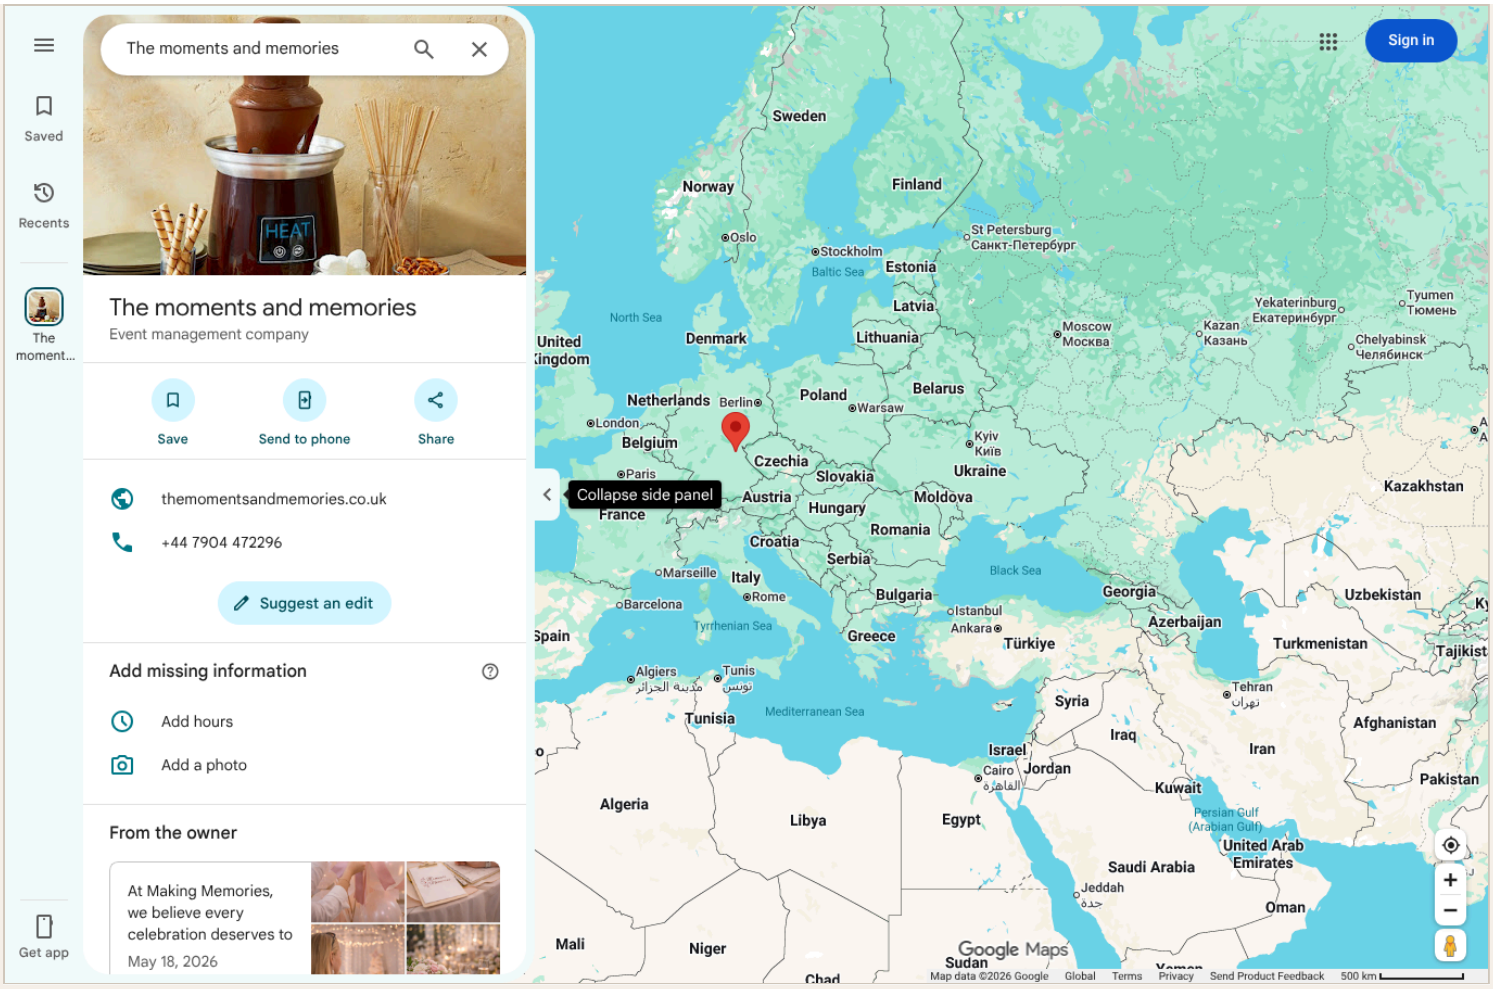

3.2 WHAT IS PUBLIC ABOUT HER AND THE BUSINESS

ITEM	WHAT I FOUND	TAG
Business type	Self-employed events business: kids' parties, marquees and decor, cocktail bars and catering	A
Company registration	Companies House search: no active company named Moments and Memories at Borehamwood. Similar names are dissolved or in other towns. "Moments 2 Memories Limited" (Nuneaton, incorporated 30 June 2026) looks unrelated. This fits a sole trader but does not prove it	A
Domain	Registered 16 Dec 2025 through registrar AXIDOMAINS, expires 16 Dec 2026, nameservers are ns1 and ns2.dns-parking.com. The registrant is hidden	A
Hosting	Hostinger with LiteSpeed cache	A
Address	Her website footer shows an address in central London (EC1V). She is based in Borehamwood. They conflict	A
Phone	The number on her website and Google listing matches the one on the form, so there appears to be no separate business line	A
Email	The site shows a Gmail address, not an address on her own domain	A
LinkedIn	None, per the team	A
Facebook, Instagram	Not checked (blocked)	N

3.3 HER GOOGLE LISTING

I searched Google Maps without signing in. A listing exists: "The moments and memories", category Event management company, with her website and phone number (A).

- It has an owner description dated 18 May 2026 whose wording is copied from her website, including the line "At **Making** Memories" (the brand name is inconsistent) (A).
- The page offers "Add hours" and "Add a photo", and shows no address, hours, rating or review count. The map pin sat in central Europe (A). This may be only a limited signed-out view, so it needs a signed-in check (N).

MOMENTS AND MEMORIES CIC
13780767 - Dissolved on 19 December 2023
15 Mansfield Close, Swadlincote, England, DE11 8NA

MOMENTS AND MEMORIES LIMITED

4. HER WEBSITE

4.1 WHAT IT IS

A WordPress 6.8 site built with Elementor, on Hostinger. It has three real pages (Home, Service, Contact us) plus a "hello-world" post, an author page and template pages that are public A.

TM&M

CELEBRATE LIFE'S MOMENTS WITH STYLE ✨

From glamorous cocktail parties and marquee events to fun-filled birthdays and unforgettable weddings, we bring magic, elegance, and joy to every celebration.

First Name *

Email Address *

4.2 SPEED AND ACCESSIBILITY (HOME PAGE)

MEASURE	MOBILE	DESKTOP
Lighthouse performance	86	95
Largest content shown	3.8 s (above the 2.5 s "good" mark)	1.3 s
Accessibility	97	93
SEO	92	92

Speed is acceptable, not a blocker A. The accessibility problems are all **colour contrast**: white text on her gold is 2.58 to 1, where 4.5 to 1 is the standard. Pa11y found 24 contrast violations on the home page, 34 on the service page and 4 on the contact page, and nothing else A. The page also scrolls sideways on a phone (410 px wide in a 390 px screen) A.

4.3 WHAT I FOUND, BY IMPORTANCE

ID	AREA	SEVERITY	FINDING	EVIDENCE
M-15	Measurement	High	**No analytics or tracking tags** (no Google Analytics, Tag Manager, Facebook Pixel or Clarity)	Homepage HTML and technology scan
M-05	Conversion	High	Phone and email are plain text, no tap-to-call or WhatsApp. The form has First name, Email, Phone and Message with a 180-character limit, and no event type, date or place	Screenshots
M-01 to M-03	SEO	High	Every page title is just the domain. No meta descriptions on the 6 indexable pages. No H1 heading on the home, service or contact pages	jev-seo report
M-06	Trust	High	No reviews, prices, real event photos, FAQs or safety and insurance information	Screenshots
M-04	Local	High	No local business markup. The footer address conflicts with where she is based	Page source, footer

ID	AREA	SEVERITY	FINDING	EVIDENCE
(new)	Legal	Medium	**No privacy, cookie or terms pages or links**, and no cookie notice seen. The common addresses return "not found"	`assets/sources/legal-and-sitemap-checks-2026-10-13.txt`
M-07, M-14	Mobile, accessibility	Medium	Sideways scroll on phones; contrast failures	Lighthouse, Pa11y
M-08, M-09	Design, content	Medium	Hero and card images look like screenshots (judging by file names). Brand name appears as "Making Memories" in places. One long Services page. A thin Contact page	Page source, screenshots
M-11	Housekeeping	Medium	Sample "hello-world" post, an author page that exposes a username, and template pages are public and in the sitemap	Sitemap
M-10	Performance	Low	Mobile LCP 3.8 s, plugin-heavy page (27 scripts, 37 stylesheets), some failing requests	Lighthouse
M-12, M-13	Hygiene	Low	No favicon, missing share tags and some security headers; newsletter box with no offer; "proudly powered by WordPress" footer	jev-seo

The full table with fixes is in `findings.md`.

4.4 TECHNOLOGY

WordPress 6.8, Elementor and Header and Footer Builder, jQuery, particles.js, Hostinger with LiteSpeed, PHP 8.2. No analytics tool detected (A). Two competitors run a newer WordPress release (7.1) (A). Her version can be confirmed in her dashboard before anyone says it is out of date (N).

5. COMPETITORS

I picked four similar businesses and two quote marketplaces from search results. This is a small sample of homepages only, so it shows patterns, not the whole market (H). I did not find a hirer based in Borehamwood itself.

5.1 WHO AND WHAT THEY USE

BUSINESS	WHAT THEY DO	TOOLS DETECTED	GOOGLE RATING (SIGNED OUT)
Party in Your Garden	Garden marquees, furniture, lighting, bars	WordPress, Elementor, Rank Math, Cloudflare, WP Rocket, CookieYes, Tag Manager, Fluent Forms	4.9
Watford Marquees	Marquee and furniture hire	WordPress, Astra, Elementor, Rank Math, WPForms, Hotjar, Google Analytics, NitroPack	5.0
Active Softplay	Bouncy castles and soft play	ASP.NET, Telerik, Bootstrap, Cloudflare, Cloudinary, Google Analytics, WhatsApp chat	4.9
Funtime Bounce	Bouncy castles, inflatables, simulators	Cloudflare, Google Analytics, Tag Manager	Not captured (the Maps search matched a different business)
Add to Event, Eventsense	Marketplaces where customers get several quotes	Google Analytics, review widgets	n/a

Review counts were not captured. Party in Your Garden states "550 5 Star reviews" on its own homepage [A, their claim]. Ratings are signed-out Google Maps values matched by business name (A).

Create the perfect space for your garden party, wedding, birthday or special celebration with our professional marquee hire service.

We provide high-quality marquees, tables, chairs and event equipment, fully installed and collected after your event.

✔ Professional setup & collection ✔ Flexible marquee sizes for 20–120 guests ✔ Furniture and lighting available

5-Star Rated Service

5.2 WHAT THEY DO ON THEIR PAGES

	PARTY IN YOUR GARDEN	WATFORD MARQUEES	ACTIVE SOFTPLAY	FUNTIME BOUNCE
Phone visible	Top of every page	Yes	Large, top	Yes
WhatsApp	Prominent, many links	Yes	Yes	No
Main button	"Get an instant quote"	"Request a quote"	"Details and Bookings"	"Book now"
Prices on homepage	A £100 figure and special offers	None	About £110 to £175 per item	About £315 to £625 per item
Proof	"550 5 Star reviews" badge, case studies, testimonials	Mentions reviews	Reviews and trade badges	Testimonials, awards
Safety or insurance wording found	Not found	Not found	Yes	Yes
Area in title or headline	Region only	**Yes: "Watford, Hertfordshire and North West London"**	Yes	No
Navigation by	Event type, marquee size, services	Five generic links	Products	Ten links
Seasonal pages	**Christmas and New Year, special offers 2026/2027**	Not seen	Not seen	Not seen

5.3 WHAT THEY DO WELL

1. **Quote, WhatsApp and phone in a bar at the top of every page**, repeated on mobile (Party in Your Garden).
2. **A reply promise.** "Your quote will be sent within 60 seconds."
3. **Choose by what you are planning**, not by catalogue.
4. **Prices up front** on two of the four.
5. **Proof next to the main button.**

6. **Local wording** in the title and headline (Watford Marquees).
7. **They measure.** All four run Google Analytics or Tag Manager, and Watford Marquees also uses Hotjar (heatmaps).

5.4 WHERE THEY ARE WEAK [A, SMALL SAMPLE]

- **Each covers one slice.** None presented kids' parties, marquees, cocktail bars and weddings together [H, small sample].
- **Clutter and thinness.** Active Softplay is very busy. The Watford Marquees homepage has about 99 words and no prices.
- **Friction on phones.** On Party in Your Garden a cookie pop-up covers much of the first screen on a phone and its main video won't play until cookies are accepted.
- **Marketplaces win on speed**: the customer sends one request and gets several quotes [R, Add to Event].

6. THE GAPS, IN ORDER OF IMPORTANCE

#	GAP COMPARED WITH THE COMPETITORS	WHY IT MATTERS
1	No tracking	She can't tell which visits become enquiries. All four competitors run Google Analytics or Tag Manager
2	No quick contact (tap-to-call, WhatsApp, quote form with date and event type)	The strongest competitors lead with these
3	No prices or packages	Two of four show prices
4	No proof (reviews, real photos, safety and insurance)	Customers compare suppliers before enquiring H
5	Weak local signals (generic titles, no markup, address conflict, thin Google listing)	Competitors put the area in titles and use local markup
6	No legal pages or cookie notice	Basic trust and compliance
7	Mobile and contrast problems	Visitors on phones, readability
8	No seasonal offers	Christmas and New Year parties are being booked now H

7. ROOM FOR IMPROVEMENT AND HOW WE WOULD SOLVE IT

Prices and scope are from our own site, checked on 13 Oct 2026 and to be confirmed before quoting A.

OPTION	PRICE	COVERS
Free 15-minute website check	Free	Our entry offer
Starter	**From £999 plus VAT**, one-off, 50% to start, about 2 months, up to 5 pages, 2 revisions, client owns the site	Bespoke mobile site, click-to-call and WhatsApp button, working form, Google listing set-up, analytics and Search Console, reviews kit, legal pages and cookie notice, AI-search-ready FAQ and structured data, 90-day plan, 30 days support
Care	£599 a month plus VAT	Monthly visibility work: listing posts, articles, social, reporting
Growth	£999 a month plus VAT, plus ad spend (at least £300, £500 recommended)	Care plus tracking, a managed ad campaign, email and a lead chatbot
Website Redesign and Optimisation	Quoted	If she wants to keep and fix her current site

Not included in Starter: domain, hosting and email running costs, paid ads, extensive copy or photography, shops or booking systems.

How the findings map to Starter H: analytics, tap-to-call, WhatsApp, a better form, titles and headings, local markup, a Google listing set-up, legal pages, mobile and contrast fixes and the reviews kit are all covered. Real photos, prices and written copy need her input.

Scope: a full new site for her could need about 10 pages, but Starter covers 5. A sensible split is a first phase of Home, Services (one page), Gallery and reviews, Get a quote, and About and contact, then separate service and area pages later H.

CUSTOMER JOURNEY MAP: MOMENTS AND MEMORIES

Party and event hire (kids' parties, marquees, cocktail bars). Persona: a parent or host in Borehamwood/North London planning a celebration, booking from a phone and weighing 3-5 local suppliers. Current state shown for Moments and Memories (audit 13 Oct 2026).

Today (solid = observed, dotted = hypothesis) Target after fixes (dashed)

	1 TRIGGER Something to celebrate	2 RESEARCH Search and ask around	3 COMPARE Shortlist 3-5 suppliers	4 ENQUIRE Ask: is my date free, and how much?	5 QUOTE Compare quotes and decide	6 BOOK Confirm and pay a deposit	7 EVENT DAY Delivery and set-up	8 AFTER Review, refer, rebook
WHAT THE CUSTOMER DOES	A birthday, engagement, wedding or milestone is coming. Needs a date and a rough plan.	Googles "bouncy castle / marquee / cocktail bar hire + area", checks Maps, asks Facebook groups and friends.	Opens several sites on a phone. Looks for real photos, reviews, prices, insurance and safety.	Wants a fast answer. Taps to call or message, or fills a form with date, place and guests.	Gets replies from a few suppliers. Checks what is included, delivery, deposit and who answered first.	Wants clear terms, a simple way to pay, and confirmation that the date is held.	Needs the supplier on time, equipment safe and the host free to enjoy the day.	Posts photos, tells friends, may rebook next year (kids' birthdays repeat). R repeat annual clients
TOUCHPOINTS	Family chat, social media, friends' parties	Google Search and Maps, Facebook/Instagram, word of mouth, directories like Add to Event R	Supplier websites, Google reviews, Facebook pages	Phone, WhatsApp, enquiry form	Email/WhatsApp quote, phone call, free consultation R suppliers offer these	Booking confirmation, payment link, terms	Delivery, set-up, on-the-day contact	Google review, Facebook, WhatsApp, next-year reminder
PAIN POINTS TODAY	Overwhelmed by everything to arrange; not sure where to start. H	Moments and Memories title is only the domain, no meta descriptions, no H1, no local markup (M-01 to M-04). A Google Business Profile not yet checked. H	Moments and Memories: screenshot/stock images, no reviews, no prices, no safety or insurance info, sideways scroll on mobile, 2.58:1 contrast (M-06 to M-08, M-14). A	Moments and Memories: phone and email are plain text, form has no date/type/place fields, 180-char cap, "Submit", no confirmation (M-05). A Quotes depend on date, place, guests, access R	Unknown how Moments and Memories quotes or how fast it replies. Slow or vague replies lose the job. H	Process not visible on the site; unclear terms add anxiety. H	Lateness or safety problems are the biggest risk. Suppliers stress safety compliance and public liability insurance. R	No review prompt or referral route on the site; no past-client proof anywhere. A
OPPORTUNITIES	Inspiration content (real events, ideas). Referral from past clients. R bookings often come from recommendations	Service + area page titles, Google Business Profile, one page per service, local landing pages.	Real event gallery, 5-10 reviews, "from £" packages, insurance/safety block, mobile fixes.	Sticky Call + WhatsApp bar, quote form with date/type/postcode, thank-you page, track every enquiry.	Reply within hours, itemised quote, packages, date-hold offer.	Simple confirmation message, payment link, planning checklist email.	Arrival-window text, tidy set-up, take photos (with permission) for proof.	Same-day review request, referral credit, rebooking reminder 11 months later.

A observed in our audit of the live site R from web research H hypothesis to validate with Lisa's enquiry data, customer calls or a short survey. The feeling curve is a judgement, not measured data.

MAXIMUS MEDIASCAPE

Prepared 2026-10-13

8. QUALIFICATION

QUESTION	STATUS
Need	Clear: weak presentation, no tracking, no quick contact A
Budget	Unknown N. Starter is a one-off from £999 plus VAT; Growth with ad spend may be too much
Decision-maker	Probably Lisa herself, as she is self-employed H
Timing	Unknown N. Christmas and New Year bookings are likely under way H. Her domain renews on 16 Dec 2026 A
Fit with our offer	Good, mainly Starter H
Consent to contact	Not checked: I have not seen what the form said about being contacted, or by which channel N

Lead score: warm H, using the local-business rubric from the marketingskills project (weak online presentation, active status unconfirmed).

9. RISKS, UNKNOWNS AND WHAT WOULD CHANGE MY MIND

- **Active or not?** I have not seen a rating, reviews or recent posts, so I can't say how busy she is N. If her Google listing turns out to have many recent reviews, the picture changes: she would be more established than I assume.
- **Budget.** If she can't spend about £999, Starter may be out of reach and we would need a smaller first step N.
- **Her own site.** Does she control her hosting and domain logins, who built it, and does she want a rebuild or fixes? N
- **Compliance.** She is self-employed, so likely a sole trader. My understanding from the marketingskills notes is that sole traders are treated like individuals for marketing messages, and that TPS applies to marketing calls. That is from an open-source repo, not a legal source, so check it on the ICO website R.
- **Demand.** I have no search volume or ranking data for terms like "bouncy castle hire Borehamwood" N. Google Keyword Planner data would close this.

- **Reading screenshots.** Everything from the signed-out Google view might change when seen signed in.

10. STILL TO DO BEFORE THE CALL

1. Check her Google listing signed in (rating, reviews, address, hours, photos).
2. Check her Facebook and Instagram.
3. Look at what the form said about contact and consent.
4. Check her number against TPS.
5. Get keyword demand for her services and area.
6. Confirm our prices.

APPENDIX: EVIDENCE AND SOURCES

All captures are dated 13 October 2026 unless the file name says otherwise.
